NOTE FOR: D/ES

FROM: EA/EXDIR

SUBJECT: PFIAB Board Meeting

25X1

The PFIAB has scheduled its next bi-monthly gathering for 5 November and would like the DCI to attend from 1030-1215. This is now on the DCI's calendar. We took the liberty of blocking that time on the DDCI's calendar as well, in case the DCI gets sidetracked.

PFIAB Staff has only two suggestions for topics the DCI might wish to address at this session:

- Soviet Economy. The Board would be interested in the DCI's perspective on the state of intelligence on the Soviet economy as it affects Soviet strategic planning.

Others scheduled to appear at the 5 November meeting are: Attorney General Meese and FBI Director Webster (lunch - topic unknown); Eliot Abrams (Nicaragua); MG Harry Soyster (INSCOM); Ken Adelman, ACDA. The Board will be discussing its draft paper on defector handling just prior to the DCI's appearance, which may generate some questions. The Board will also be discussing its draft paper on SDI subsequent to the DCI's visit.

We will be providing you the usual wrap-up of Agency support to PFIAB in a couple of days.
